## Bio

Multi-partisan and fiercely optimistic, speaker Dave Meslin's presentations focus on how we can overcome cynicism and create a culture of participation. His unassuming presence, creativity and sense of humour keep audiences enthralled. Meslin encourages those present to find what was important to them and become engaged in the process of promoting change by creative participation. The *Toronto Star* has described him as "mad scientist", "a start-up genius" and "a peripatetic public convener". *The Globe and Mail* simply calls him a "persuasive rabble rouser". [morelink]
